

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days is a shocking example of the effects of media consolidation.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. They are ignoring that obligation and contravening the public interest by their actions.

Not only do Sinclair's actions show why we need to strengthen media ownership rules, they show very clearly why Sinclair's license should NOT be renewed in the future.

Thank you.
